Annual Subscription Rates (1977)
For libraries, university departments, government laboratories, industrial and other multiple-reader institutions US $60.00 per annum (including postage and insurance).

Published bi-monthly

Specially Reduced Rates to Individuals
In the interests of maximizing the dissemination of the research results published in this important international journal we have established a two-tier price structure. Any individual whose institution takes out a library subscription may purchase a second or additional subscription for personal use at the much reduced rate of US $30.00.

All subscription enquiries should be addressed to The Subscription Fulfillment Manager, Headington Hill Hall, Oxford OX3 0BW, England.

Microform Subscriptions and Back Issues
Back issues of all previously published volumes are available in the regular editions and on microfilm and microfiche. Current subscriptions are available on microfiche simultaneously with the paper edition and on microfilm on completion of the annual index at the end of the subscription year.
